FOCUS Missions

- <http://focusmissions.org/>
- As we work to serve the poor and evangelize, there is a phenomenon of reciprocal evangelization that takes place. Consistently, the missionary experience brings new life changing wisdom and perspective to the students who serve on the mission. FOCUS missions seeks to have a universally positive impact on both the communities that we serve and the student missionaries that participate in our missions. When establishing new mission sites we strive to gain a particular sense for the authentic needs of the community. Furthermore, we make every effort to make sure that our on-the-ground programs and projects are sustainable and not just a one-time slash and burn effort. Our mission trips and sports camps are for College Students to serve all over the world.
