PROM

2014

By: Clara Schall & Katie Ortel

If your dress looks like a bathing suit, it's not a good idea to wear it to prom.

If you're going  
strapless, make  
sure your dress  
doesn't slip  
down.

You really  
don't want  
to have to  
adjust your  
dress every  
couple  
minutes.

Large splits  
and low cut  
tops really  
don't look  
that great.  
neither does  
a low back.

You should be  
able to bend  
over in public.

Make sure the dress is  
comfortable to wear.

You should feel ok  
with anyone seeing  
you in it.

Have a fun and  
safe prom!
